

SAMPLE DOCUMENT for training and testing the Robert J. Park Carbon Checker. The supplier, customer, account numbers and rates are invented. Highlighted boxes show the figures the checker asks for.

DELIVERED TO

Carnlough Precision Engineering Ltd
Unit 7, Kilwaughter Business Park
Larne
Co. Antrim BT40 9XX

DELIVERY

Delivery date 14 September 2026
Docket no. BF-SMPL-30418
Tank Bunded steel, 2,500 L
Driver (sample)

PRODUCT	LITRES	PRICE PER LITRE	AMOUNT
Kerosene (28-second heating oil)	2,250 L	64.20p	£1,444.50
VAT at 20% (business use)			£288.90

Invoice total. Payment terms: 30 days

£1,733.40

Heating oil is bought in deliveries, not billed by the month. For the checker, add up the **litres** from every delivery docket in the year. Do the same for gas oil (red diesel) and LPG.

Many NI businesses only know what they spent on oil. If that's all you have, divide the spend by the average price per litre on your dockets to estimate litres, and mark the answer as "estimated".
